

ICAR-NIANP Scientist and Ph.D. scholar Received Award at ISSAR 2024

Dr. Binsila B Krishnan, Senior Scientist at ICAR-NIANP and Ms. Tomcy A T, DBT Category I Fellow (Ph.D. scholar) under the guidance of Dr. Binsila B Krishnan has been awarded the Best Oral Presentation Award and the prestigious Best Young Scientist Award respectively. The recognition was conferred during the 39th Annual Convention of 'The Indian Society for Study of Animal Reproduction (ISSAR)' and the National Symposium on 'Challenges in Enhancing Reproductive Efficiency of Livestock: An Indian Perspective,' organized by GADVASU, Ludhiana, from 29th November to 1st December 2024. The society was established in Nov, 1972 during FAO follow up seminar on animal reproduction at Bangalore. The ISSAR convention serves as an annual platform for promoting collaboration and knowledge sharing, with national and international conferences organized every year to address emerging challenges and opportunities in animal reproduction. Dr. Binsila B Krishnan honored for her presentation in the session on Andrology, Semenology, and Artificial Insemination; and Ms. Tomcy A T was

honored for her exceptional oral presentation in the session on Reproductive Biotechnology.
